## LIP/BARREL ORDER SPEC SHEET

### PLEASE NOTE:

Once you have submitted your order spec sheet, **Rimscarnated takes no responsibility for parts that do not fit your wheels as a result of incorrectly submitted measurements.** If you have any hesitation, we recommend sending in your wheel face or old lip/barrel to be measured by Rimscarnated. **All specifications submitted will be machined as stated in this form.** As these are custom-order parts, we cannot accept returns.

ORDER NUMBER	#EXAMPLE	
NUMBER OF BOLT HOLES	40

EDGE TYPE	Please tick one	<input type="checkbox"/> ROLLED <input type="checkbox"/> EURO

VALVE SPECS		
APERTURE	Please tick one	<input type="checkbox"/> SLOT <input type="checkbox"/> HOLE
PLACEMENT	Please tick one	<input type="checkbox"/> ON BOLT HOLE <input type="checkbox"/> BETWEEN BOLT HOLES <input type="checkbox"/> BBS STYLE ON STEP OF LIP
MEASUREMENT (mm)		

### HOW TO MEASURE YOUR PCD

\*\* PCD (Pitch Circle Diameter) is the diameter of the circle which passes through the centre of all the wheel bolt holes.

### HOW TO MEASURE YOUR CENTRE BORE

\* Centre bore is the measurement of the hole where your wheel face slots in and locates inside.
